SENATE WILL PROBABLY PASS SULZER RESOLUTION TODAY

PRESIDENT BUSY IN EFFORT TO MAKE SENATORS UNDERSTAND SERIOUSNESS OF THE RUSSIAN SITUATION.

WASHINGTON, Dec. 18—President Taft called several senators to the White House for a conference on the Russian treaty situation this morning and told them that serious complications with Russia would result if the senate passes the Sulzer resolution declaring the treaty of 1832 abrogated.

Senator Raynor Rankin, a democratic member of the senate committee on foreign relations, declared positively as he left the White House that the treaty will be abrogated by the senate at today's session.

The president appears to be much worried over the situation and the stand in the matter taken by the Russian ambassador.

Taft Takes the Step—
WASHINGTON, Dec. 18—President Taft, it is unofficially reported, has formally notified Russia that the treaty of 1832 will be abrogated December 31, 1912.

This action by the executive takes the matter entirely out of the hands of congress and forestalls the action by the senate on the Sulzer resolution.

The president has now only to secure ratification of his action by the senate, thus ignoring the house completely.

Might Change Wording—
WASHINGTON, Dec. 18—Congressman Sulzer, the author of the resolution recently passed by the house, said today he might consent to change the wording of the resolution if the senate insists, providing the same result is accomplished.

"We want to bring about the abrogation of the treaty with Russia, and if it can be accomplished by a differently worded resolution, the house will probably not stand in the way," said Congressman Sulzer.

KANSAS CITY, Dec. 18—Two interurban cars on the Kansas City & Western Electric railway lines met at Johnson's Station in Kansas this morning with fatal results to passengers.

Two persons were killed, two fatally hurt and ten seriously injured in the crash. The cars were running at a high rate of speed and it is said orders were overlooked by the conductors or motormen.

NECESSARY AMOUNT IS SUBSCRIBED TO PROVIDE ENTERTAINMENT WHEN PASSENGER MEN COME

BUSINESS MEN RESPOND LIBERALLY TO INVITATION EXTENDED BY THE BOARD OF TRADE COMMITTEE.

Realizing that the visit of the delegates to the convention of the Association of American Passenger Agents to Daytona the afternoon of December 31 offers a splendid opportunity to advertise the city and make a good impression on men who have a big influence in directing tourists to the best places in which to spend the winter months, the business men of Daytona have responded liberally to the invitation to aid in the entertainment of the visitors in a financial way.

The delegates will come here after the convention in Jacksonville and the board of trade was invited to help in the entertaining to the extent of providing a buffet lunch to be served to the passenger agents in the afternoon and a ride about the city. It was estimated about \$250 would be required to provide the lunch and show the visitors a good time and a committee, consisting of Secretary R. L. Smith and W. C. Branch, was appointed to raise this amount by popular subscription. The full amount has been raised by the committee, those contributing to the fund being as follows:

ADDITION TO DEPOT ALL WE GET TO EXTEND WAITING ROOM 40 FEET TOWARD VOLUSIA

REMOVAL OF COLORED WAITING ROOM AND TICKET OFFICE WILL GIVE MOST OF THIS SPACE TO BAGGAGE ROOM.

The new depot of the Florida East Coast railroad in Daytona, so long as the city council refuses to stand by the agreement made at the conference here last spring and close Magnolia avenue, will consist of an addition of 40 feet to the waiting room, according to information given by Vice President Beckwith of the road to Chairman E. F. Oates of the transportation committee of the Daytona board of trade.

This addition will be made at once with the intention of having it completed in time to assist in taking care of the tourist business this season. This will undoubtedly be the extent of the improvement made here until Magnolia avenue is closed, but as soon as this action is taken by the city council it is understood the state railroad commission will issue an order compelling the railroad to build an entirely new depot.

The addition to the present waiting room will be made at the north end, which will bring the north end of the depot building 40 feet nearer Volusia avenue, according to the understanding at this time. The present colored waiting room and the present ticket office will be torn out and this space will be added to the baggage room, a new ticket office to be built in the center of the enlarged waiting room, separating the white and colored sections.

This change will move the regular hacks and buses along the platform toward Volusia avenue and will give less room for the private hacks and autos which have been doing a hacking business at the depot this season.

TO SERVE TIME AT ATLANTA FOR DEATH OF SIX FOLLOWERS

EXPORTER SPENDS MOST OF DAY SUNDAY PRAYING AND MAKING PREDICTIONS AGAINST NORTH AMERICA.

PORTLAND, Me., Dec. 18—Rev. Frank Sandford, leader of the "Holy Ghost" and "United States Society," was today sentenced to serve ten years in the Federal prison at Atlanta for manslaughter.

Sandford was found guilty following the death of six of his followers on a cruise of the "Holy Ghosts" temple, exhorting, praying and making straight through from the Pacific coast to Chicago, and the train always carries a heavy passenger list. This train was established by the Milwaukee road less than a year ago, after the completion of the line through to the Pacific coast, and has been heavily patronized by people making trips across the continent.

Special trains carrying doctors and nurses are hurrying here to bring assistance to the injured.
